

## MORE SUCCESS STORIES

### Multiple Sclerosis

**Joanne Frazel**--I was diagnosed with Multiple Sclerosis 5 years ago. At that time I was totally blind in one eye and almost blind in the other. Doctors had given me steroids in an attempt to bring my eyesight back but they were not successful. I refused to do any more drugs and started searching for superior nutritional supplements and discovered RiSoTriene™. I felt as if I had the flu for about three weeks when initially using it! I thought I was nuts to think a rice bran could help as I had been told, but I was just too cheap to throw it away. I am glad I didn't because in the fourth week I began to feel better than I had in several years. Then all of the sudden one day my energy returned! I have used RiSoTriene™ for two-and-one-half years now. The eyesight in the eye that was previously blind was 20/30 last year and 20/25 this year. I have 20/20 vision with glasses and no MS symptomology! I was also able to get off Thyroid medication as it helped me overcome an imbalance that had caused me to lose hair, have cold hands and feet, and gain weight. I would rather die than give up RiSoTriene™. I use many of the Integris products and they've been a miracle for me.

*Does your doctor say you're not sick but you KNOW you're not well?? RiSoTriene changed my blood cells..*

**Terri Anyan**-- I cannot remember a time when I was truly healthy. As a child I was in bed for nearly 2 years with a serious kidney disease. My urine was black. Because the kidney machine had yet to be perfected, I was not placed on it and at age 8 I was given 6 months to live. The doctors to this day have no medical explanation why I am here. By the time I was in my mid thirties, I looked and felt like I was in my mid fifties. My skin color was gray, I had dark circles continually under my eyes; I was constantly sick with every virus that floated by.

I would go in yearly for batteries of tests; they always came back in the 'average' zone; low in iron, higher than normal in white blood cells- and every year I felt worse. One day I realized that I needed to take matters in my own hands if I was going to 'have a full healthy life'- and I began seeking alternative ways to heal myself. I found the RiSoTriene in December of 1996 and noticed a significant increase in energy with in the first few days. 10 months later, at my yearly physical, my doctor commented on how 'good I looked'. When my blood tests came back 2 days later, he called me, astounded. It was as if I had turned the clock back 20 years (according to my doctor). My white blood cells, were, for the first time in over 12 years, under control and perfectly normal; my iron was at an extremely healthy level instead of borderline anemia; my cholesterol had dropped. His comment? "Whatever you are doing is working; keep doing it!" That was nearly 6 years ago... and I am still doing it!! RiSoTriene is REAL food that changes your cells-the answer to great health!

### Additional Products That Address Other Health Challenges

**VITAL SEVEN-** 7 essential nutrient groups in one non-genetically engineered product. Contains RiSoTriene, deep sea minerals, Whey protein, Fibersol, Veggies, Probiotic bacterias, Essential Oils, extra calcium, magnesium, ellagic acid-much more.

**COLLASTIN LINIMENT-** combined benefits of Collastin with the power of Whole Leaf Aloe Vera Gel produce a liniment that works effectively on several levels to provide relief from muscle and joint discomfort associated with arthritis, simple backaches, strains and sprains.

**THE CLEANSE-** 8-day intense cleansing program is as effective as a 40 day fast.

**FRUIT AND VEGGIECAPS™** Living Encapsulated Juice Product provides an entire complex of nutrients that synthetic vitamins can never replace--your body is alive; feed it with living nutrients for optimal health.

**COLLASTIN™** Most potent all natural anti-aging product available- relieves all types of pain: arthritis, fibromyalgia, back/disc problems, MS etc.

**DEEP SEA MINERALS** Perfect balance of macro, micro and ultratrace minerals. Unlike land and shallow sea minerals, these are FREE OF TOXIC HEAVY METALS SUCH AS ARSENIC, CADMIUM, MERCURY AND LEAD.

**METHYLATE** Often the first symptom of cardiovascular disease is **DEATH**. Lowering homocysteine levels in the blood can reduce the risk of vascular disease by more than 60%. Methylate is a superior nutritional formation that quickly lowers homocysteine.

**PARASITE CLEANSE** Start with a clean slate to really absorb your nutrients. Parasites are living, brutal scavengers that secrete poison toxins and rob your body of nutrition; the aging process accelerates, creating multiple symptoms that range from general fatigue to many degenerative conditions.

**COMPLETE DIET SYSTEM** To lose weight properly & keep it off for life, we have developed a weight management system that addresses all aspects of obesity.

**LIVER CLEANSE** For those who consume alcohol, are exposed to environmental pollutants or cigarettes, have been taking medications for an extended time, are overweight, have a history of liver or gall bladder disease, or suffer from a sluggish liver. If liver function can improve, the entire body benefits.

**SKIN CARE SYSTEM** Incorporates both an internal nutritional and external topical, skin-healing improvement strategy. Internal caplets offer vital nutrients to support healthy new cell growth and assist in the elimination of harmful dietary toxins, which can cause flaky dry patches or bacteria and infection. Revitalizing Night Treatment Crème -- an Aloe-based anti-microbial crème with Flavosomes -- is the ultimate skin treatment that restores vitality and smoothness. All natural. Preservative Free.

### Rare Skin Disorder

**Sonya Kube**---My son's name is Dexter, he is 13 yrs. old. He was born with a rare uncureable condition called Klippel Treaneuay Syndrome, or KT for short. He has had 2 amputations on his foot. He has lesions that erupt outside the skin. They not only bleed very bad, they multiply and take over the good skin. He would have laser surgery about every 4-6 months to try to stop the bleeding and the lesions. This has been going on for the last 6yrs at the Mayo Clinic in Rochester, MN. The last time he was in for surgery, the doctor told him when he was sick of having surgery, they could cut his foot off.

Talk about a reality check! I put my son on a product called RiSoTriene™, hoping that he would stay healthier through the winter and if it became necessary to amputate maybe he would recover more quickly. I NEVER would have guessed what I stumbled onto. The lesions on his foot not only got better, they went away. He is healthier and has more energy. His skin is healthier. NO MORE SURGERY. I am not saying that this is a cure, but the amount of help it has given to Dexter makes me shake in excitement that there is hope for those like my son. I know what it is like living with KT and so does my son. We also know what it is like to find something that makes a difference and gives hope. The results cannot be denied, RiSoTriene™ has helped my son, he is living proof!!

**CALL TODAY! RISOTRIENE WORKS!**

## HOW TO ORDER RISOTRIENE:

**RISOTRIENE TASTES GREAT!!** RiSoTriene™ comes in a granulated powder taken 2-4 Tablespoons per day (amount dependent upon health challenges). A 360 gram can of RiSoTriene lasts 2-3 weeks when using 3-4 Tablespoons per day.

**SAVE MONEY!!** Become a Preferred Customer for a one time fee of \$5.95 and pay wholesale prices with no other obligation.

**Retail cost:** \$39 per can plus \$5 shipping = \$44

*\*Ask how YOU can receive **FREE SHIPPING** on automatic monthly orders*
